Loan shirts and pants, colours and whites, will be assigned an identification number by the Gear Manager for record keeping of which player/team/captain it is assigned to.

Loan clothing may only be issued by the Gear Manager. This will be issued out on Thursday nights after training to the player in need of loan clothing or the team captain if the player is absent. Loan clothing must be returned to the Gear Manager on a Saturday after the game by the player, captain or otherwise, unless approval has been given from the Gear Manager to keep the loan clothing.
